Hudson Surety is comprised of an experienced group of underwriters with deep industry knowledge, enabling us to offer creative, personalized solutions to clients. We work closely with select agents throughout the United States to provide superior service. Hudson Surety has the expertise to work with all types of contractors and the financial strength to grow with our valued principals. Products include:

CONTRACT SURETY

Regional knowledge of the construction marketplace has been an important element of our underwriting approach. Our contract underwriters work closely with agency partners to understand our customers' needs in order to develop a surety program that supports their plans. Our client base consists of general and many specialty trade contractors.

TRANSACTIONAL COMMERCIAL SURETY

Exceptional customer service and a broad appetite for both standard and non-standard risks have driven the success of our transactional commercial surety business. We offer all types of bonds, including license and permit, custom, public official, court and miscellaneous commercial bonds.

SPECIALTY CONTRACT BONDS

For contractors that may not fit the underwriting criteria of the standard surety market, we offer an alternative solution utilizing tools such as collateral and funds control. We support the bonding needs of the contractor until they qualify for our standard surety program and participate in the Small Business Association Surety Bond Guarantee Program.

ACCOUNT COMMERCIAL SURETY

Our team offers a wide variety of commercial bonds for publicly traded and privately held companies nationwide. We work with surety producers to properly understand client business and bonding needs in order to build long-term, responsive surety relationships.
