- Freight Brokers

The Hudson Surety Difference

- **Innovation is our top priority.** We strive to always evolve. We are working to launch programs such as HudsonLink® to allow agents to easily submit an application for instant approval, issue bonds and service their accounts based on customer needs.
- **We keep it simple.** Hudson Surety does not require a specific application to offer an approval. We also allow electronic signatures on indemnities for approved programs, as well as a multi-bond indemnity for accounts with more than one bond, in which cases the original is not required.
- **We offer leading-edge underwriting.** Our commercial bonding team has over 100 years of combined surety experience. As an agent, you can trust that our team is equipped with the expertise to offer intelligent and well-researched approvals that are competitive within the current marketplace.
- **Our team will respond to you quickly.** Hudson Surety understands the significance of being able to obtain an approval quickly. Our underwriters work hard to ensure you have a response on the same business day.
- You can always reach us. With offices in CA, AZ and FL, you know you can reach a live person regardless of what time zone you are in.
